

# New Faxsystem DC

Last Modified on 31/12/2019 3:30 am EST

Pedro Perreman schreef op 19/12/2019:

*Dear colleagues,*

*Update on the fax for DC.*

*We will not have a classic faxline in Schelle. For that reason we chose to have a fax-system in the cloud (via 3cx, 03/870.37.86). This is active since today, so we don't have to care on the moment of the move.*

*The marketing number 0800/13.736 (free of charge for customers) is today switched from the physical faxline to the cloud-line via 3cx.*

*All incoming faxes will be sent immediately to [lensorder@deceunynck.be](mailto:lensorder@deceunynck.be).*

*The actual physical faxline 03/887.19.20 will be reachable as long as we are in Aartselaar, and can be used to send outgoing faxes. In the new building, we will add a little box for outgoing faxes.*

*Ann, please be aware in all communication where our faxnumber is mentioned, that the old number will not be reachable anymore. Maybe it's wise only to mention the freefax number (0800) ?*

*Best regards, Pedro*
