Brilart sun Promo (25/02/2021)

Dear Colleagues,

Brilart is doing a sunglasses promotion with the Nikon Presio i focus from now until the end of March: "When buying a second pair of identical sun, sun lenses for free" or a special price for the first pair of sunglasses.

He will therefore buy his Presio i at € 30 for 1.5 and € 35 for 1.6, this also incl. Degradé.
Because this is not set up in our systems, I will have this rectified with a CN afterwards.

Best regards,

Hans PRENEEL
